

Mogamat Muneer Miller

Cape Town, Western Cape | +27 67 132 4695 | <https://www.linkedin.com/in/muneer-miller>

ABOUT ME

Motivated professional with experience in software and web development. Proficient in Python, Java, JavaScript, HTML, CSS, and TypeScript, with familiarity in C# and .NET frameworks. Completed the WeThinkCode_ Software Engineering Programme and earned a National Certificate in Information Technology: Systems Development. As a Learning Specialist, I mentored cohorts in full-stack development, improving my troubleshooting and communication skills. My time as a Junior Software Developer expanded my expertise in SQL databases and development frameworks.

Currently learning Vue.js to enhance my front-end skills. A detail-oriented team player, I excel in collaborative and remote environments. Enjoy hiking, gaming, and reading in my downtime.

EDUCATION

WeThinkCode_ <i>National Certificate: Information Technology: Systems Development</i>	Cape Town, Western Cape <i>Graduation Date: Oct 2022</i>
---	---

Grassy Park High School <i>High school diploma</i>	Cape Town, Western Cape <i>Graduation Date: Dec 2019</i>
--	---

IBM <i>Web Development Fundamentals</i>	Remote <i>Graduation Date: May 2023</i>
---	--

WORK EXPERIENCE

Home Assist Technologies <i>Junior Software Developer</i>	Cape Town, Western Cape <i>Jun 2022 - Oct 2023</i>
--	---

- Collaborated with cross-functional team efforts to develop and implement new web features and extend similar capabilities to other departments of the company
- Developed and implemented comprehensive software testing strategies, resulting in a large reduction in post-release bugs.

2U .inc <i>Learning Specialist</i>	Cape Town , Western cape <i>Jul 2023 - Oct 2024</i>
--	--

- Provided remote tutoring in Full-Stack web development in node.js, React.js, SQL and MongoDB, assisting students with homework, class exercises, and projects via AskBCS platform,
- Guided students in problem-solving, delivering clear explanations and solutions to enhance understanding.
- Assessed and provided feedback on student assignments within 24-48 hours, improving course completion rates.
- Supported boot camp students with technical skills and success strategies, fostering academic growth and confidence.

PROJECT EXPERIENCE

WeThinkCode_ and IBM <i>Singular projects and Group projects</i>	Cape Town, Western Cape <i>Aug 2020 - Oct 2022</i>
--	---

- Worked collaboratively in a team of five to develop a text-based Java game featuring dynamically generated worlds with obstacles, mines, and pits. Implemented a class selection system and interactive command-based gameplay, allowing users to navigate and engage with procedurally generated environments.
- Built a mobile application for the elderly that helps maintain their health as my last project at WeThinkCode_. Worked solely to timely deliver codebase in Dart, and SQLite for offline storage while using APIs such as OpenCage API for location information, TomTom API for routing and navigation, Jisti Meet for video calls, and Firebase for authentication, Firestore, and Storage.
- For my final project on the IBM Skillsbuild platform, I built a web application that allows you to create tasks in a list format that you are able to mark complete and delete.

LEADERSHIP EXPERIENCE

WethinkCode_

Cape Town, South Africa

Team Lead

Aug 2020 - Oct 2023

- At WeThinkCode_, I participated in a rotational leadership system where each team member took turns as the project lead during different iterations. During my tenure as team lead, I optimized the team ' s workflow by restructuring the project's file system and refining production processes. These improvements led to increased efficiency and a reduction in data handling errors.,

SKILLS & INTERESTS

Skills: Github, C#, Python, CRUD operations, Java, Microsoft Visual Studio, CSS, HTML, Javascript, React.js, Node.js, SQL, SQLite

Interests: Web development
